

CEL CREATES **ACCESSIBLE** LEARNING EXPERIENCES

Modern development techniques **minimize barriers** to learning

The Centre for Extended Learning strives to meet the needs of all our online learners. Our ongoing efforts to become aligned with the **Accessibility for Ontarians with Disabilities Act (AODA)** are guided by **University of Waterloo accessibility Legislation and policy** and the **World Wide Web Consortium's (W3C) Web Content Accessibility Guidelines (WCAG) 2.0**.

CEL Accessibility Standards

CEL is committed to producing accessible learning materials as described in our public **Accessibility Statement**. Accessibility is everyone's responsibility at CEL. All materials produced by CEL staff for the purposes of online course development should meet these CEL Accessibility Standards. Accessibility is a key driver in our quality control process.
